

### Behind the Scenes

As you build tasks, SAS Enterprise Guide generates SAS programs.

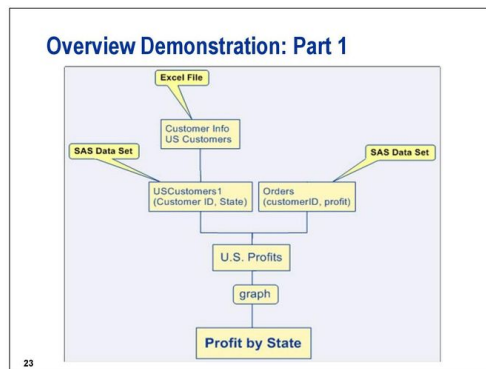

```
Code generated by SAS Task
Generated on: Thursday, February 03, 2011 at 9:59:43 AM
By task: File Chart

Input Data: WORK.QUERY_FOR_USCUSTOMERS1
Server: Local

%_my_conditional_dropds(WORK.SORTTempTableSorted);
/* ----- */
Sort data out WORK.QUERY_FOR_USCUSTOMERS1;
/* ----- */

%PROC sql;
CREATE VIEW WORK.SORTTempTableSorted AS
SELECT * FROM WORK.QUERY_FOR_USCUSTOMERS1 AS T
;
QUIT;
```

You can modify the programming code to customize the result and to access SAS features that are not available in the point-and-click interface.
